### Latitude and Longitude.

The lines seen on maps and globes called degrees of latitude and meridians of longitude serve the very important purpose of fixing the position of places and things and the reckoning of distances (north, south, east or west) from a given point. Latitude measures distance north or south, longitude measures distance east or west, and between the two the exact position of a county, city or ship can be definitely determined. The base of calculation, north or south, is the equator; that of the distance east or west is Greenwich, England. A line joining the poles and passing through Greenwich is called the prime meridian, from which distance east or west is calculated.

### Big Meteor Falls.

Harrisburg, Pa., Oct. 3.—With a roar like that of a cannon a big meteor fell in the mountains back of Elizabethville, setting fire to the forest and frightening hundreds of people. The roar and following report as the meteor struck the earth were heard all over the northern end of Dauphin county.

## Dr. Price's Wheat Flake Celery Food

To maintain the normal standard of health the quality and character of our food is one of great importance. A food improperly prepared is a tax on digestion. Dr. Price's Food is composed of wheat and celery, the most wholesome and nourishing of nature's products. It is easily assimilated and has a direct tonic influence upon the nerves.

## BORAH IS ACQUITTED

Jury Finds Idaho Senator Not Guilty of Conspiracy.

### DEMONSTRATION IN COURT

Remarkable Ovation Follows Announcement of the Verdict—Jury Out Long Enough to Take One Ballot, Which Exonerated Defendant.

Boise, Ida., Oct. 3.—United States Senator William E. Borah Wednesday night was acquitted of the charge of conspiracy to defraud the government out of valuable Idaho timberlands.

The case was submitted without argument on the part of the defense and the jury was out just long enough to take one ballot. The verdict was greeted by cheers and applause, which the court officers made no effort to restrain. This demonstration in the courtroom served only as a beginning. As soon as the news reached the outside, bells were rung and the fire department made a spectacular run through the principal streets, stopping eventually at the Idaho hotel, where Senator Borah, surrounded by several hundred of his fellow citizens, was escorted.

A brass band appeared as if by magic and as the senator reached the hotel steps played "Hail to the Chief."

The streets about the hotel were blocked by a cheering throng, where shouts mingled in the strain of the fire engine whistles and clangs of trolley car bells. Senator Borah thanked his hearers for their demonstration and the confidence they had reposed in him throughout the trial.

Senator Borah said it was now a question of the events of the past three months.

Felt Humiliation Deeply.

"I have felt the humiliation deeply," he continued, "especially because of the manner in which the name of my dead friend, Frank Steunenberg, has been brought into the case. I am glad to say I was his friend—the friend of a man who gave up his life for his state and his country. Political capital has been, or tried to be made out of my indictment, but I am glad to say some of my staunchest friends during this trial have come from the other side. The only reason I was indicted appears to have been that I was the friend of Frank Steunenberg. Again I say to you I am proud of the honor of that friendship. But there are always some hyenas about who find their only delight in the defamation of the dead."

After Judge Whitson overruled the motion for a verdict not guilty Wednesday, Senator Borah took the stand in his own behalf. His testimony was a brief, clear cut statement of all his acts as general counsel for the Barber Lumber company. The senator was cross-examined at some length. There being no evidence to rebut, the government also closed and argument was begun by the government. The defense made no argument for Senator Borah. The jury was then given its instructions.

The demonstration over Senator Borah's acquittal continued until late in the night, with street parades, band concerts, fireworks and general celebration. Senator Borah was forced to make a second speech, in which he again expressed his appreciation of the confidence of his townspeople.

### Alleged Kidnappers Arrested.

San Francisco, Oct. 3.—R. Porter Ashe and Luther G. Brown, who were indicted by the grand jury for the kidnapping of Fremont Older, were arrested at the sheriff's office and subsequently released on bonds furnished by a surety company.

## MOTIVE FOR CRIME OBSCURE

Mystery Surrounding Murder of Mrs. Quinn Unsolved.

New York, Oct. 3.—The mystery surrounding the antecedents of Nellie Quinn, the former city hospital nurse, on Randall's Island, was dispelled Wednesday but the motive for her murder is as obscure as when her horribly bruised body was found in a furnished rooming house here Tuesday. The victim was once a member of a respected family of Boston. While still in her teens she married William Quinn. Later they separated and Quinn came to New York. Four years ago she followed him here and a reconciliation was effected. Later they again separated. This much more the police learned, but even the arrest of the man who admits having been with the woman on the day she was killed has failed to make clear any plausible reason for her death and the subsequent attack upon the body.

George Kramer, the Blackwell's Island plumber, who had lived the past few days with the woman, was arrested in the homicide. The prisoner, who appears dazed, told the magistrate that he could not remember anything that he had done recently.

He was held for further examination.

## HOUNDS LOSE THE TRAIL.

Unable to Follow Assassins of Oregon Detective.

Baker City, Ore., Oct. 3.—The identity of the men who planned and executed the horrible death of Harvey S. Brown, former sheriff and detective, is somewhat nearer solution. The bloodhounds owned by Henry Draper of Spokane have scented the trail of the assassins. The assassins were traced by the dogs to the railway tracks, along the tracks for 100 feet, thence around a warehouse and mill building and back across the tracks up Auburn avenue to Sixth street, where the trail was lost.

The county court of Baker county has offered a reward of \$5,000 for the capture of the murderers.

## TOOK HORRIBLE VENGEANCE

Tramp Burns Child of Woman Who Refused Him Food.

Oquawak, Ill., Oct. 3.—Because he had been refused food, an unknown tramp took horrible vengeance, beating Mrs. John Hathaway into unconsciousness and then tying her four-year-old son to a tree and burning him to death.

Enraged farmers and citizens of this place are scouring the country for the murderer, threatening to execute him as he did the boy. Mrs. Hathaway, whose home is two miles from here, lay unconscious for an hour after the assault of the tramp. The latter meanwhile took her son into the orchard, where he tried the lad to an apple tree, saturated the clothing with oil, set the garments afire and then left. Recovering consciousness, the mother went in search of her child, finding him fearfully burned, still breathing faintly. The child lingered till 9 o'clock Wednesday night, when death came.

## VESSEL ON THE ROCKS.

French Ship Stranded and Those on Board May Perish.

London, Oct. 3.—A heavy gale blew over the Irish and Welsh coasts Wednesday and there were several exciting rescues of the crews of wrecked vessels. The most serious disaster was near Seaford, county Clare, when the French ship Leon XIII., from Queenstown Sept. 26, at which port she arrived recently from Portland, Ore., went on the rocks. No news has yet been received that the crew had been rescued.

A report which came at an early hour Thursday morning describes her sails as blown into ribbons and says mountainous seas are breaking over the ship. The men have spent a terrible day. Most of the time they have clung to the rigging, beaten and numbed by the pitiless seas. There is a big crowd on the beach, but they are powerless to render assistance.

The point where the vessel is ashore is the most dangerous on the coast. She lies fully 250 yards in a direct line from the mainland, but the presence of a huge rocky barrier between the ship and the shore compels the lifeboats to take a circuitous way through a mile of boiling seas. All through the day and until a late hour Wednesday night the lifeboats and the coast guardsmen made determined but fruitless efforts to reach the doomed vessel.

### Servian Cabinet May Resign.

Semlin, Hungary, Oct. 3.—The Stama declares that as an outcome of the Novakovich affair, King Peter of Servia has dismissed the prefect of police in charge of the prison, and that the resignation of the cabinet is expected.

## TO ITS PROPER PLACE

Duty of the Nation to Restore the Mississippi River.

### ROOSEVELT AT ST. LOUIS

Chief Executive Delivers an Address in Favor of a Fourteen-Foot Channel From the Great Lakes to the Gulf of Mexico.

St. Louis, Oct. 3.—President Roosevelt in a speech here Wednesday declared it the nation's duty to restore the Mississippi river to its proper place as a great artery of commerce and termed the proposed fourteen-foot channel from the lakes to the gulf a "national task." He warned against plans which might "entail reckless extravagance or be tainted with robbery," but urged a liberal waterway policy.

The president's ardor was not diminished by the fact that he was drenched by a sudden downpour of rain while en route to the Jai Alai building where his speech was delivered.

A tremendous ovation was accorded the national executive when his steamer, the Mississippi, entered St. Louis harbor to make the first stop on the voyage from Keokuk, Ia., to Memphis, Tenn., where President Roosevelt will attend the convention of the deep waterways association. Thousands of persons had congregated on the levee to witness the president's arrival and were held in check by cordons of police and companies of soldiers from Jefferson Barracks. Amid a clamor of shrieking whistles, clanging bells and cheers from the masses assembled, the president landed and was greeted by fifteen governors of states bordering upon the Mississippi river, members of congress and officials representing the city of St. Louis.

### Heavy Downpour of Rain.

Through a sudden heavy downpour of rain the president, standing in an open carriage and bowing to the multitudes, was driven to the Jai Alai building, five miles from the river, where he delivered his speech.

The president took occasion to especially emphasize his views on the necessity for control of interstate corporations and he frequently departed from his manuscript to elaborate and make clear his views on that point. His contention was that there must be some sovereign power that can control those institutions, especially railroads. He spoke at length of the difficulty in reaching the corporations which are incorporated in one state and operate in another. He instanced especially his experience in getting the Southern Pacific railroad to repair a break in the Colorado river. "That disaster occurred in California," he said, "but do you suppose I found it possible to deal with the railroad there? No. The railroad is a New Jersey corporation and I had to deal with it as such."

He contended that the Constitution must be interpreted to fit modern day conditions and not conditions that existed when it was adopted.

"It must be construed as an instrument of life and not a symbol of death," he said. The judges of courts should always stand against popular clamor, but they should also recognize the necessity of a general conservation of the public welfare under present conditions, he asserted. He contended that in taking this position he was fighting the future fight for the rich, for if the rich commit excesses now they invite excesses against themselves and their posterity.

### Enterprise Must Not Be Tainted.

Speaking of the improvement of the Mississippi river he warned the advocates of that interest against insufficiently considered local improvements. There whole waterways system must be treated as a whole and the enterprise must not be tainted either with folly or dishonesty.

President Roosevelt was introduced by Governor Folk of Missouri in a brief speech. As the president advanced to speak the audience arose, cheering and waving flags.

At the conclusion of the president's address he and the party of escorts hurried to waiting carriages and were taken at a gallop to the Jefferson hotel, where they were the guests of the St. Louis Business Men's League at luncheon. Covers were laid for more than 400. There were no set speeches, but the president responded to the toast of President James E. Smith of the league by expressing the wish that the ends of the league might be achieved. The "ends of the league" just now means the securing of a fourteen-foot river channel.

The Mississippi cast off her moorings shortly after 4 o'clock, an hour behind schedule time. She was followed by the United States steamer Colonel Mackenzie, carrying the members of the inland waterways commission; the Alton, bearing the gov-

Every coat we show is entirely new

This is something very unusual and should have your attention. When you come to us for a coat you do not have to ask "is this a new coat?" for we could not show you an old one if we wished to do so. Such a stock is the kind you should select your coat from.

¶ We are showing some very late effects in trimmings in our long, loose, black coats. They are very desirable garments and are very reasonable in price.

¶ If you contemplate the purchasing of a new coat, select one now and allow us to put it aside for you. We will do this if a small payment is made and you thus have the advantage of our splendid assortments.

Consider these things and make a visit to our coat section at an early date.

You'll find satisfaction if you do.

### LIPTON'S COURSE APPROVED

Departure From Lines of His Challenge Would Offend Britons.

London, Oct. 3.—Nothing further has yet transpired concerning the suggested new international yachting trophy, but inquiry in various yachting circles reveals the very general conviction that a new international contest will be arranged to take place in British waters in 1908 for yachts built under the new international rule and that competitors are expected from America, France, Germany and Sweden.

The strongest approval is expressed on all sides at the course followed by Sir Thomas Lipton in the matter of his challenge for the America's cup and it is evident that any departure from the lines of the Royal Irish Yacht club challenge would offend the sentiment of the British and Irish yachting worlds.

### Corpse Found in River.

Elkader, Ia., Oct. 3.—Mrs. Bertha Miller Hackelman of Appleton, Wis., arrived Saturday with her baby to visit her mother, Mrs. Fanny Miller, at McGregor, appearing in the best of spirits and health. Tuesday afternoon her continued absence alarmed her mother, and she having been seen near the banks of the Mississippi river, search was made, resulting in finding her corpse a short distance from where she had been last seen. Whether her death was accidental or suicidal has not been determined.

### Minneapolis Boy Drowned.

Minneapolis, Oct. 3.—Drowned within four feet of the door of his home, so near the windows that, had they been open, his mother could not have failed to hear his frantic cries for help and rescued him, was the fate of Irving Johnson, the four-year-old son of Mr. and Mrs. Martin Johnson. His body was taken from a cesspool by firemen after the distracted parents had searched for their missing child for several hours.

## Liver Pills

Ask your doctor if he knows a better pill for a sluggish liver than Ayer's Pills. Then follow his advice.

It is impossible, simply impossible, for any one to enjoy the best of health if the bowels are constipated. Undigested material, waste products, poisonous substances, must be daily removed from the body or there will be trouble, and often serious trouble, too. Ayer's Pills aid nature, that is all. J. C. ### QUIGG ON THE STAND.

Tells About His Work for the Metropolitan Street Railway System.

New York, Oct. 3.—The Metropolitan Street Railway system's "special construction fund" was again the chief object of inquiry before the public service commission Wednesday, and Lemuel E. Quigg, as before, gave most of the information.

It was charged that this fund included lawyers' fees for creating opposition in Albany to the Belmont tunnel.

Quigg told of paying Former Judge William M. K. Olcott \$10,000 for "moulding public sentiment." Other expenses were \$250 to R. L. Fox, "proprietor of an information bureau at Washington," and \$750 to John Fox for "opposing the Belmont tunnel," and several checks payable to L. A. Newcome, a detective hired to trail William N. Armory, whom Quigg regarded as the most "able and persistent of the company's enemies."

According to the testimony, Quigg spent most of his time hindering or promoting legislation, and, as he put it, "accelerating public eagerness" in various directions. It was further brought out that Quigg controlled a complex organization of lawyers, detectives and "sentiment boosters" which he used to further the ends of the Metropolitan.

### Three Laborers Killed.

St. Joseph, Mo., Oct. 3.—Three men were killed and two were fatally injured by the collapse of a new building in Spickard, Mo. The dead men were laborers.

"Dr. Thomas' Electric Oil is the best remedy for that fatal disease croup. Has been used with success in our family for eight years."—J. H. Walker, Salesbury, Ohio.

## ONE KILLED AND THREE HURT

Scaffold Breaks and Workmen Fall to the Ground.

Chattanooga, Tenn., Oct. 3.—One man is dead, one man probably fatally injured and two others seriously hurt as a result of an accident at the plant of the Chattanooga Electric company. The men were working on a scaffold seventy-five feet high when it broke, the men falling to the ground. George Smith, colored, was killed and Ross Hooley, white, was probably fatally injured.

Thomas McCall, member of the contracting firm of McCall Bros., Racine, Wis., may be internally injured. Harry Carson, bricklayer, was seriously injured.

Bellefontaine, O., Oct. 3.—John Fry and John Neer were instantly killed by the falling of a boiler under which they were working in the Big Four railway shops.

### LISTEN TO THIS ADVICE

Thousands Will Benefit if Statement Made is Only Partly True and Reliable

It may be that some persons will be inclined to doubt the statement made by an eminent authority, at a recent meeting, that with a mixture of dandelion, kargon and sarsaparilla, he would give prompt relief to any sufferer of rheumatism or the usual forms of backache, caused by inactive, clogged kidneys, yet many cases of long standing that had been entirely relieved were cited to prove the truth of his assertion. The same authority further stated that many cases which failed to yield to the healing waters of the famous health resorts, or the usual remedies as prescribed, salicylate of soda, potash, colchicum, etc.—were readily relieved by the simple mixture—Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Take a teaspoonful dose after meals and at bedtime.

A well-known druggist, when approached upon the subject, stated that while this prescription, as written, is new, that the ingredients are continually prescribed by the best physicians, and any good prescription pharmacy has them; they are inexpensive and harmless to use, and are mixed by shaking well in a bottle.

If the claims, made for this mixture, are only partly correct, it would seem that no sufferer here could afford to leave the prescription untried.

### A Merry Quip.

"I am not prepared to answer on this point of law," said the young legal student.

"Ignorance of the law excuses no man," retorted the witty professor, as he chalked up a zero.

### MUCH CONCERN FELT

Ordinary Methods of Treating Catarrh Prove Unsuccessful

Recent statistics showing an increase in catarrh have shaken the confidence of medical men in the usual prescriptions to safeguard human health from the ravages of this disease.

When stomach dosing proved ineffective, it was natural to look for some other treatment, and it is believed that in Hyomei an absolute cure for all catarrhal troubles has at last been found. Breathed through a neat pocket inhaler, its healing medication reaches every spot where there are catarrhal germs, destroys them, prevents their future growth, and soothes the irritated mucous membrane so that relief is felt almost instantly, while lasting cure is sure to follow.

The complete Hyomei outfit costs but \$1.00, and it is sold by H. P. Dunn under an absolute agreement to refund the money if it does not give satisfaction. It is the only cure for catarrh that has ever been sold under a guarantee to cost nothing unless it cures, but H. P. Dunn has so much faith in its power to cure all catarrhal troubles that he is willing to take the risk, so if Hyomei does not help you, there will not be a penny's expense. Get an outfit at once on this liberal plan. 101-103-108

### Save Your Coal

Because They Have the Best Flue Construction

What does this accomplish? Anything more than theory? Yes! The way to heat a room quickly is to circulate the air, bringing it rapidly into contact with the heated surfaces. The Acorn Base Burner will circulate all the air in a 12x15 room 10 foot ceiling, through its base in 54 minutes and leave the top of the stove hot enough to light a match. The larger part of this heat would escape out of the chimney if it were not caught and carried into the room by the circulating flue.

**OLD RESIDENTS DIED LAST NIGHT**

**Mrs. Mary Somers Died at Home on North Ninth Street of Bowel Troubles**

**HAD LIVED HERE MANY YEARS**

**Wm. O. Davis Died at Home in East Brainerd—Was Formerly Resident of Ft. Ripley**

Mrs. Mary Somers, widow of the late Peter Somers, died at her home, 415 North Ninth street about 4 o'clock this morning, after an illness of several weeks with bowel troubles. Her condition had apparently been much improved until the last day or so and her recovery was confidently expected. The time of the funeral will not be decided upon until her daughter, Mrs. Eckert, of Seattle, is heard from. The funeral will be from St. Francis Catholic church with interment in Evergreen cemetery.

Mary Gavin was born in Ireland and was 58 years of age at the time of her death. She came to America when a child with her parents. She was married in Appleton, Wisconsin, to Peter Somers, who died three years ago next February. Nine children were born them, eight of whom survive, three daughters, Misses Margaret and Lizzie Somers, who are teachers in the Brainerd public schools, and Mrs. Edwin Eckert, of Seattle, and five sons, John Somers, of Brainerd, Henry and Edward Somers, of Helena, Montana, and Frank Somers, of Virginia, Minn. Mrs. Somers had been a resident of Brainerd for about 24 years and had a large circle of friends who will deeply mourn her death. She was a woman strong in domestic virtues and was very devoted to her family.

Wm. O. Davis died last night at his residence, 1107 Fourth avenue Northeast, after an illness of some time. The funeral will be held at the People's Congregational church Friday afternoon, Rev. Winn, of South Haven, Minn., being expected to conduct the services in accordance to the wishes of Mr. Davis. Interment will be in Evergreen cemetery.

William O. Davis was born in Pennsylvania, December 15, 1836. He came west when a young man and was married at LeSeur, Minn., July 22, 1866, to Miss Mary E. Bergen, who still survives. To them were born six children, Mrs. Emma Montgomery, Brainerd; Mrs. Mary C. Gorst, Jenkins; Henry M. Davis, Brainerd; Mrs. Melissa C. Gorst, Jenkins; Grace J. and W. E. Davis, Brainerd. The family have been residents of Crow Wing county for about 22 years, having lived near Ft. Ripley up to about two years ago when they moved to Brainerd where they have since resided.

**Health in the Canal Zone**

The high wages paid make it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by H. P. Dunn & Co druggists. 50c.

**THE PINE RIVER FAIR**

**Large Crowd Attended the Meeting, but Rain Interfered With the Program and Disarranged Matters**

Quite a crowd of Brainerd people went up to the village of Pine River on Wednesday in response to an invitation from the people of that place to help celebrate their local fair and "hoss" trot. Pine River is a thriving burg and is lucky in having a number of hustling business men who always endeavor to keep things moving when they are entertaining strangers and who are always on the lookout to advertise and say a good thing for their town, but somehow the program at the fair did not seem to be handled to the satisfaction of the visitors on that day. The rain of Tuesday prevented any of the racing events being pulled off and on Wednesday it was expected that the entire programme would be carried out, the day being exceptionally fine, but for some reason only two races were completed and the announcement was made from the judge's stand that the remaining races would occur on Thursday. The crowd good naturedly accepted the adjournment and proceeded to enjoy themselves in other ways during the balance of the afternoon and nearly all of the Brainerd contingent returned home on the special, which left there a 8 o'clock, the three coaches being crowded.

The Pine River fair is purely a local institution and is handled by the enterprising hustlers of that place as an advertisement for their town and locality. They have conveniently located grounds, a half mile track and all the facilities to make an interesting event annually. This is the second meeting they have held and undoubtedly the future fairs will be improved upon.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

A crowded house again greeted the Dominion Stock Co. last night, when the irresistibly funny farce comedy, "My Nephew's Wife," was presented. Having demonstrated the previous evening their ability to please in melo-drama, it was no surprise to find that they were equally pleasing in farce comedy. The play abounds in ludicrous scenes and comical situations and the company made the most of the material furnished by the author to the delight of the large audience. In fact it was in a continuous roar of laughter through the three acts. Wm. Murray in the role of John Stevenson proved himself a first class comedian, and Manager Fox again won the admiration of his friends in his capable impersonation of Paul Potter. All the various members of the cast acquitted themselves acceptably, proving that the company is as strong in farce comedy as in melo-drama. It is an organization that Manager Walker can exhibit with pride in any community.

**Isabel Irving Toight**

The seat sale is now on for the engagement of Miss Isabel Irving at the opera house tonight in "The Girl Who Has Everything." Clyde Fitch's new play. There are a number of reasons why this attraction should be greeted with unusual attention by theatre-goers of this city. Miss Irving has not only a most charming personality but she is without question, the daintiest comedienne on the American stage. The company which Liebler & Co., have engaged to support Miss Irving is up to the Liebler standard, which means that it is of the best. The play is by Clyde Fitch, which means that it is at least interesting. That it has for its different characters, clean cut types who do things in a way that only Fitch can depict. The dialogue is crisp and epigrammatic, which is always the way with all the Fitch plays. The prices for box seats and first four rows in the parquet \$1.50 balance of parquet and circle \$1 balcony 75 and 50, gallery 25.

Requisitions for supplies for poor farm for October made and ordered purchased.

J. F. Dykeman appeared and complained of the condition of culvert in section 1 township 44, range 29, on motion it was decided to appropriate \$50.00 from the road and bridge fund to the town of Maple Grove to be used in repairing said culvert on Mille Laes road in section 1, township 44, range 29 and in grading approaches to same.

Surveyors report on change in road in sections 35 and 36 in Deerwood was accepted and placed on file.

Surveyors report on Temple road was considered at some length. The report showed the route to be a very difficult place to build a road, but in view of the fact that the school children had no road to the school house the report was accepted and filed.

The appointment and bond of B. C. McNamara as deputy coroner came up for consideration. Upon motion same was laid on the table.

Report of superintendent of highways concerning work done on road in section 24, township 45, range 30 was read and accepted.

Report of superintendent of schools for quarter ending Sept. 30th was read and placed on file.

Communication from Fred Eimer in regard to Ditch No. 11 was read. No action was taken.

Motion made and carried that an appropriation of \$50.00 be made from the poor fund to be used as a fund for transportation of paupers.

Meeting adjourned until 2 p. m.

All members present.  
Petition of citizens of Daggett Brook asking for a new district to be formed out of territory affecting districts Nos. 18 and 19 was read. Upon motion same was laid on the table until the next meeting.

Bids for coal for use at jail and sheriff's office were opened as follows:  
H. H. Hitch Co. \$8.80 per ton.  
Fisher-Budd Fuel Co. \$8.45 per ton.

Motion made and carried that the bid of Fisher-Budd Fuel Co. be accepted, coal to be weighed on city scales.

Following bids for printing the assessment books and tax lists for 1908 were opened and presented to the board:

Pioneer Press Co.—Assessment books \$161.00; tax lists \$153.00.

Brainerd Tribune—Both for \$275.00 or either set for \$137.50.

Miller Davis Printing Co.—34 Assessment books, \$129.50; 33 tax lists \$128.75.

McGill Warner Co.—Assessment books \$162.50; tax lists \$142.50.

Motion made and duly carried that the contract be awarded to the lowest bidder.

Motion made and carried that money now on hand and due district No. 48 be divided between districts No. 48 and 100 in proportion to the valuation of the two districts as now constituted.

Petition of O. P. Erickson for an increase of salary to \$1,200.00 for the year was read and upon motion same was laid over until the next meeting.

Communication from W. A. Fleming, attorney for the O'Brien Mercantile Co., in regard to ditch No. 10 was read. No action was taken.

Report of R. K. Whiteley, engineer on ditch No. 13 was accepted and placed on file. He stated that main ditch would have to be lowered still further in order to drain Lake Molly, and A. D. Peterson agreed to go ahead and finish the work. The auditor was directed to pay the balance of the contract on main ditch withholding \$100 until ditch was finally accepted.

The auditor was directed to advertise for bids for grading the road on so called Black Grade, south of town.

Commissioners Erickson, Crust and Krech were appointed a committee to let the work on the 19th of October at 8 p. m. at auditor's office.

Commissioner Andrews offered a resolution and moved its adoption:

Be it resolved by the county commissioners of Crow Wing county that the following levy be made upon all the taxable property in said county for the purpose of defraying the county expenses for the ensuing year, to-wit:  
For county revenue fund.....\$20,000 00  
For bond interest fund..... 10,000 00  
For poor fund..... 1 mill  
Road and bridge fund..... 2 mills

Which motion being seconded by Commissioner Reid was adopted by unanimous vote.

Question of repairs to jail and the sewer in connection was brought up. The chairman appointed Commissioner Crust to attend to the matter.

Commissioner Krech was appointed to look after the sidewalk adjoining the court house grounds.

### Reduce Your Fat

Rengo Rapidly Reduces Excess Fat Without the Aid of Tiresome Exercises or Starvation Diet

#### COSTS NOTHING TO TRY.

Rengo will reduce excess fat and build up the strength and health of anyone who eats it regularly for a short time. It is a product of nature, delicious to the taste and safe and harmless in

This illustration plainly shows what Rengo Has Done.

all its properties. It will not injure the digestive organs as so many drugs and medicines do. Rengo will positively reduce surplus fat rapidly and do so without harm to the subject. It is very palatable and pleasant to eat. It is prepared in a highly concentrated form and is convenient to carry in the pocket so one can have it with him at all times.

Rengo requires no exhausting exercises or starvation dieting to help it out as so many of the so-called fat remedies do. You can go right ahead and attend to your regular daily duties. It compels proper assimilation of the food and sends the food nutriment into the muscles, bones and nerves and builds them up instead of piling them up in the form of excess fat. There is nothing "just as good" as Rengo. For sale by all druggists at \$1.00 per full sized box, or by mail prepaid, by the Rengo Co., 3515 Rengo Bldg., Detroit, Mich. The company will gladly send you a trial package free by mail, if you write them direct to Detroit; no free packages at drug stores.

For sale and recommended in Brainerd by H. P. Dunn & Co., Druggists.

#### EPISCOPALIANS MEET.

Forty-fifth Triennial Convention in Session at Richmond, Va.

Richmond, Va., Oct. 3.—The forty-fifth triennial general convention of the Protestant Episcopal church in the United States convened Wednesday. Of the 102 members of the house of bishops only ten were absent and the attendance of clerical and lay members of the house of deputies was nearly complete. A large number of foreign high church dignitaries were present, including the archbishop of the West Indies and the bishops of London, St. Albans, Montgomery, Niagara, Quebec, Ontario and Mackenzie river.

The business of the two houses was confined to organization and both bodies re-elected all of their officers by acclamation. By far the most interesting of the proceedings was the holy communion at Holy Trinity church, where the Right Rev. Winington Ingram, bishop of London, preached the sermon and all of the visiting bishops participated in the procession.

The sessions of the house of bishops were held in the Virginia state capitol building. They were executive and will continue to be so during the convention. At the close a statement of the proceedings was made by Dr. Samuel Hart of Connecticut, secretary of the house. After this the house was called to order by Bishop Tuttle and eleven bishops appearing in the house for the first time were presented.

Bishop William Lawrence of Massachusetts was re-elected chairman and Dr. Samuel Hart of Connecticut secretary of the house. After this business had been disposed of Governor Swanson welcomed the convention. Archbishop Nuttall and Bishop Ingram responded. The house of bishops then adjourned for the day.

#### Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions, which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife, would it be believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a medicine of known composition, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended. A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

### TALKS TO GRAIN DEALERS

Senator Foraker Denounces Critics of the President.

Cincinnati, Oct. 3.—Denunciation of that pessimism which "emanates from critics of the efforts of the president to enforce the laws of the country and bring offenders to justice" concluded the address of United States Senator Foraker before the Grain Dealers' national convention in this city.

Senator Foraker first reviewed legislation on transportation and rate matters and declared that he had "an abiding faith that the waves of hysteria in which we have been engulfed are subsiding." He discussed recent falling off in Wall street valuations and the growing lack of confidence that has resulted and spoke briefly of the inability of railroads to market enough securities to enable them to make needed improvements and enlargements. Continuing, he said:

"I am optimistic enough to believe that a turn of the tide will come before we reach the stages of panic and disaster, but it must come soon or be too late to avert consequences of the most harmful character.

"Only the business men of the country can turn this tide and they can turn it only by showing confidence in each other and in our future. In that behalf it behooves them to discountenance and frown upon all kinds of pessimism, especially that which emanates from critics of the efforts of the president to enforce the laws of the country and bring offenders to justice."

### Garibaldi's Red Shirt.

The most popular uniform of its day—perhaps of any day—in Europe was the Garibaldian shirt, whose prosaic origin was little suspected by its adherents. In a note to Mr. Trevelyan's "Garibaldi's Defense of the Roman Republic" this origin is explained by Admiral Winington-Ingram, who was in Montevideo in 1846, when and where the uniform was first assumed: "Its adoption was caused by the necessity of clothing as economically as possible the newly raised Garibaldian legion. A liberal offer having been made to the government to sell at reduced prices a stock of red woolen shirts that had been intended for the Buenos Ayres market—now closed through the blockade—it was thought too good a chance to be neglected, and the purchase was therefore effected. These goods had been intended to be worn by those employed in the saladeros, or great slaughtering and salting establishments for cattle at Ensenada and other places in the Argentine provinces, as they made good winter clothing, while by their color they disguised in a measure the bloody work the men had in hand."—London T. ### Murder Trial Under Way.

Benidj, Minn., Oct. 3.—The work of selecting a jury in the case of Peter Mathieson, on trial charged with the murder of Johanson, his friend and companion, at Tenstrike last February, has been completed and County Attorney Funkley opened for the state.

## For Women's Fine Garments

Suits, skirts, shirt waists—starched garments of all kinds—that fairly beam with snowy beauty and freshness, will be the rule, rather than the exception, if they are starched with the genuine

## KINGSFORD'S OSWEGO Silver Gloss Starch

No starch ever has or ever will equal this for delicacy and fineness of finish. Garments starched with it keep their shape longer, are more pliable, and have a newer and cleaner appearance than with any other. Can't injure goods; goes farther because of superior strength, hence most economical. Doesn't stick to the iron. The standard of quality for over half a century.

BEST FOR ALL KINDS OF STARCHING

For general use boil as directed. For light starching unequalled as a cold water starch, requiring no boiling. Made for over fifty years at Oswego. All grocers, in full-weight packages.
